

50kW Solar Outdoor Cabinet for Data Center

Looking for an ODM BESS energy storage system? Our all-in-one outdoor cabinet (50-100kWh) features an IP55 design, LFP cells, and easy expansion for C& I applications.

The system integrates core parts such as the battery storage system, PCS, fire extinguishing system, temperature control systems, and EMS systems in one cabinet. The clean solar energy is the best ...

Designed to support grid-tied and off-grid scenarios, the Hybrid ESS cabinet offers seamless integration and maximized space utilization, making it an ideal choice for growing energy demands.

50kW and 125kW energy storage power modules, support on or off grid mode, air-cooled battery or liquid-cooled battery optional, has transformer, has STS module to achieve 10ms seamless switching.

All-in-one 50kW/100kWh ESS cabinet for solar storage, backup, and peak shaving. Outdoor-rated, air-cooled, and easy to install with full EMS control.

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the top, and has ...

The Br-50kw energy storage system represents a pinnacle of innovation in sustainable power solutions, offering a reliable 50kW output paired with a substantial 100kWh capacity.

The Sunway 50kW/100kWh Outdoor Energy Storage System integrates high-performance lithium iron phosphate batteries, modular PCS, intelligent energy management, and a robust power distribution ...

The 50kW outdoor ESS features an all-in-one integrated structure, combining battery system, inverter, EMS, BMS, thermal management and safety protection in one compact outdoor cabinet.

Ready to Power Your Home with Solar? Take the first step toward energy independence and a net-zero future. Our team is here to design a solar solution that fits your lifestyle and long-term goals.
