

Bulk Procurement of Off-Grid Solar Containerized Types

Our fully furnished containers are available in both 20 foot and 40 foot also outfitted with our WaterSecure system, providing you with an off-grid power solution that is both reliable and sustainable.

Whether you're looking for large-scale utility solar projects, commercial containerized systems, or mobile solar power solutions, we have a solution for every need. Explore and discover what we have to offer!

Explore our range of high-efficiency solar container solutions designed for businesses worldwide. Our containers combine cutting-edge technology with durability and ease of deployment.

Customers can customize power capacity, battery storage, inverter types, and auxiliary power sources like diesel generators or wind turbines to tailor the container for specific mission requirements.

Discover Solar GEM™, a prefabricated, mobile solar solution designed for off-grid energy needs. Scalable, robust, and ready-to-deploy worldwide.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...

Discover solar powered shipping containers with 10-50KW off-grid systems, lithium batteries & 25-year capacity guarantee. Ideal for solar powered AC and cold storage.

With a 12 or 24-panel solar array (4 to 8 kWp), 3-stage water purification system, lithium battery storage, multiple output ports, and an optional cellular router/modem, it's amazing we fit it all into a 6ft (2m) ...

Our Solarfold™ containers can be fully deployed and operational in under 6 hours. The automated unfolding system allows for quick setup without needing extensive technical expertise or heavy ...

Drawing on our extensive industry experience, including the deployment of hundreds of off-grid solutions over the past decade, we have gained insights into contemporary solutions involving solar and ...
