

China 3 phase hybrid inverter in Cape-Town

What is the best inverter for solar power Cape Town?

The best inverter for solar power Cape Town homes depends on your usage, roof size and budget. Most clients choose hybrid inverters from Deye, Luxpower or Solis because they handle load shedding well and work perfectly with lithium batteries.

Are Cape inverters compliant?

A certificate of compliance is issued upon installation. All products have warranties. Contact our team for any sales or technical enquiries. Secure Payment options available. Cape Inverters are known as trusted experts in installing reliable, compliant inverters and solar backup systems to keep the power on during load shedding.

How much does a Deye inverter cost in South Africa?

The price of Deye inverters in South Africa can vary depending on a number of factors, such as the model, the size of the system, and the installation requirements. Generally, the price of a Deye inverter in South Africa can range from around R23,000 to R63,000 or more.

Do hybrid inverters work with lithium batteries?

Most clients choose hybrid inverters from Deye, Luxpower or Solis because they handle load shedding well and work perfectly with lithium batteries. Our team checks your average bill and designs a simple system so you buy the right size inverter, panels and batteries the first time.
