

3KW solar power system (off-the-grid, standalone) is the obvious alternative to one that is grid-tied. For homeowners that have access to the grid, off-grid solar systems are usually out of question.

Mobile power station for camping, outdoor activities, mobile homes, or to supply your house when there is a power cut. Expandable solution, with dual charging source (mains, PV).

Introducing the MY0224 3KWH Lithium Battery Portable Power Station - a high-capacity, solar-compatible home energy storage solution engineered for off-grid living, outdoor adventures, and emergency backup power.

Efficient 3kV 3kW Solar System Kit: Go off grid with our 3kW solar system with battery. Reliable 3kVA solar kit for your energy needs.

Feature highlights: This Portable Outdoor Mobile Power Supply offers a large capacity lithium-ion battery with 2500+ life cycles and pure sine wave inverter technology, supporting AC, DC, and solar charging. [pdf]

Built for longevity, the SolaraBox solar container is built to withstand harsh environmental conditions and ensure a reliable power supply. The SolaraBox mobile solar container is a portable solar power plant that delivers ...

Experience reliable power anywhere with the 3kWh Portable Power Station. Featuring dual 110V/220V AC outlets and 2-hour fast charging via solar or wall outlet, this compact unit delivers 3000W output for camping, ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no shading ...

Why should you choose a modular solar power container? Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.
