

Certified to withstand the most challenging environmental conditions Module coating resistant to sand, acid, and alkali 2400 Pa wind load* 5400 Pa snow load* 35 mm hail stones at 97 km/h

Detailed profile including pictures, certification details and manufacturer PDF.

Complete guide to 270W solar panels including specifications, performance analysis, best available models, and installation advice. Updated for 2025.

At this time, the photovoltaic modules installed in this part not only have the function of power generation, but also have the functions of building structure, such as roofing function, curtain wall ...

Specifications included in this datasheet are subject to change without notice.

For superior performance, quality and peace of mind, the ASE-270-DGF/50 is renowned as the first choice among those who recognize that not all solar modules are created equal.

Raytech as a manufacturer and supplier of high-quality double glass solar panel, solar module, and solar panel, provide you with high-quality products and solar module customization service.

Targray's portfolio of high-efficiency multicrystalline solar modules is built to provide EPCs, installers, contractors and solar PV developers with reliable, cost-effective material options for their commercial ...

Note: Data is based on the comparison of the Adani -60 cells standard multi (265Wp) with industry's average of 255 Wp module for a scale of 1 MW installation and cost reduction will vary from site to ...

STC: Irradiance 1000W/m², Cell Temperature 25°C, Air Mass AM1.5. NOCT: Irradiance at 800W/m², Ambient Temperature 20°C, Wind Speed 1m/s. *Measuring tolerance: ±3%. Power Bifaciality:±5%. ...
