

We design, construct, and care for commercial solar, energy storage, and EV charging projects nationwide for builders, developers, government agencies, and private customers.

BEI Construction has the engineering, electrical and implementation expertise required on energy storage construction projects (BESS) and can deliver battery-based energy storage as part of your ...

Energy Storage Through A Direct-Hire Construction Lens Services from Project Start to Completion Experience with Battery Storage Demands We are a full-service integrated engineer-procure-construct (EPC) contractor, deploying our vertical, in-house team to execute the engineering, environmental, procurement and direct-hire construction of energy storage and substation interconnection projects. Our EPC team has knowledge and experience in all facets of project execution and developmen...
