

Huijue Group's Home Energy Storage Solution integrates advanced lithium battery technology with solar systems. Ranging from 5kWh to 20kWh, it caters to households of varying sizes.

Huijue Group offers efficient residential energy storage systems, with power ranging from 5kW to 20kW. All our products are fully certified and supported by global service to ensure reliability, long life, and ...

To reduce corporate electricity costs, utilize the difference in peak-valley electricity prices, charge in valley periods and flat periods, and discharge in peak and peak periods.

A small inverter with a lower capacity [1-3Kw] may cost between Rs.50,000 to Rs.100,000, while larger-sized inverters with a higher capacity [6-10Kw] may cost Rs.200,000 and substantially beyond that.

Professional manufacturer of solar and power inverters, offering grid-tie inverters, hybrid inverters, off-grid inverters, solar batteries, solar kits, and complete solar energy storage system solutions.

Our 500,000 m<sup>2</sup>, staffed with 500 workers and equipped with 4 production lines, can output 2000 units telecom cabinet per month. We strictly control every production process, establish a strict quality ...

Huijue has a senior technical team and an efficient supply chain system, and its production capacity and contract performance capabilities are fully guaranteed. Enter your inquiry details, We will reply you in ...

Huijue's Single-phase Hybrid Inverter 3-6kW is ideal for residential rooftop solar systems. During sunny days, it converts DC power generated by solar panels into AC power for immediate use or storage in ...

The 3kW-6kW Single-Phase Off-Grid Solar Inverter is an ideal solution for residential and small business owners seeking reliable, cost-effective off-grid power.

The 6kW to 19kW Three-Phase Grid-Tied Solar Inverter from HuiJue Group is engineered to maximize energy harvest for demanding residential, commercial, and small-scale industrial solar installations.
