

Using its excellent technical advantages and production capacity, Sunrain supplies quality and certified products including heat pumps, solar water heaters, water tanks, LFP batteries, solar hybrid home ...

Well, you know those "minor" bracket connectors everyone overlooks? They're actually causing 23% efficiency losses in commercial installations according to the 2024 NREL Field Report. SunRain ...

This certificate is valid until 2024-02-26 provided that the conditions in the Solar Keymark Rules are fulfilled and the standard or rules are not modified significantly.

Crafted from corrosion-resistant aluminum alloy and stainless steel screws, this durable system is built to withstand extreme weather. Users appreciate its ease of installation and robust ...

SunRain solar water heater mounting kits included with every collector, have complete flexibility to ensure the best possible mount. The basic solar frame kit comes complete with all the hardware ...

High Performance - When investing in solar technology, it is important to ensure the "engine" you select is the most powerful and the longest lasting made. This is why we use SunRain's patented "3-Hi" ...

TZ58/1800- R SERIES Welcome to the SUNRAIN Vacuum Tube Solar Collector! Mostly types of solar collectors. These collectors are best suited for moderate temperature applications where the demand ...

The high absorption and low emittance rate of Sunrain's layer film is unique. Depending on the different density between hot water and cold water, a water flowing cycle is created in the tube.

By the end of 2022, Sunrain had installed 89.34 Million square meters of solar collectors for global customers and sold 907,000 air source heat pumps of various specifications, and has been ...

One of the most important features of SunRain Vacuum Tube collectors is the design and flexibility in mounting options. With the adjustable mounting kit option you can virtually mount the SunRain ...
