

Modified shipping containers are growing as energy storage solutions in industries like solar, wind, and more.

With our genset containers offer optimal performance in various site conditions. By maintaining high-quality standards for both the engine and the complete containerized power plant package, we ensure excellent ...

Imagine delivering a fully operational power plant in a shipping container. That's the reality of container transformation power plant equipment - turnkey energy solutions combining portability with industrial-grade ...

our eco&#176; GEN-C series features all-in-one packaged power generation solution, engineered for mobility, easy deployment and scalability. each power container is engineered to meet specific application requirement, ...

Convert shipping containers into mobile power stations equipped with generators or solar panels. These can be deployed to remote areas or disaster-stricken regions to provide temporary power solutions. These stations ...

Our Tier 4 containerized generators are high-powered --500 kW to 1250 kW-- units packaged in 30-foot or 48-foot ISO containers. The larger footprint of these units allows for more versatility from a manufacturing ...

Our containerised solutions are designed to provide optimal performance across various site conditions, ensuring excellent reliability for all your power generation needs.

At MODS, we design and fabricate high-performance generator and power units built from shipping containers. Our solutions provide reliable energy generation and storage for industries, construction sites, events, and ...

Interport's shipping containers can be fully customized with a wide variety of modification options, depending on your power generation source and battery storage needs.

Originally launched for limited markets in 2021, the 40-ft ...

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up to 34% space utilization ...
