

## Length width and weight of photovoltaic panels

I set up my 357 dies the other night and when I seat the bullet it crimps at the same time. This is a 4 dies set and has a separate crimp die. Should it be crimping? It's a heavy crimp too. :? My ...

There was a day when the routine advice with 1911s was not to drop down less than 4" or so on barrel length for the sake of reliability. The compact 3" barrel 1911s with shortened grips for the ...

The brass is range brass, I normally full length size myself. I have never neck sized myself, full length works for me. Beside around here I can get 30 30 brass pretty easy. Yea I am looking ...

I bought the Mossberg Shockwave (\$390 out the door). It is a 12 gauge "weapon", not a shotgun or a pistol, according to the BATFE. It does not require any special tags, fees or other ...

I was recently informed that Fiocchi started to load their 9mm 158gr round with flat nose bullets due to increased demand from suppressor use. The 9mm 158gr Fiocchi has been a round ...

Are any of you guys aware of the 500 S& W Magnum being significantly shortened and utilized in any platforms? I thought that the 500 S& W being shortened to the same case length as a ...

Such accuracy is due to the quality of manufacture and a long barrel of over 12 inches in length. Hot loads also contributed. Standard 9mm Parabellum performance of 365 meters/ second ...

The length of the gun would be out of the question indoors, for me. I prefer a handgun or maybe a suppressed 300BLK pistol, which I am looking into. I would disagree with American ...

Took a friend of mine to my range yesterday morning and got to shoot a real piece of history. He has a Springfield Armory M1 Garand, what a gas. The last one I got to shoot was a ...
