

All technology has been thoroughly tested by independent sources to prove PEPRO manufactures the best-performing Faraday Cage-protected enclosures and shelters on the market.

The Grid Down Redoubt is an Industry Leading, Advanced, Safe, Easy to Install, Grid-Tied & Off-Grid Capable, Lightning & EMP Protected Energy Storage System (ESS) that comes with a 25 Year ...

Intelligent lightning protection boxes specifically designed for energy storage utilize high-end lightning protection units with high current flow and low residual voltage. These units monitor ...

At Smart Storage Solutions, we engineer durable, secure, and highly customizable storage systems that help mining operations optimize uptime, protect tools, and streamline workflows.

With graphene-based surge suppressors entering beta testing (Q3 2023), we're looking at 200% improvement in energy dissipation rates. Imagine cabinets that don't just survive strikes, but harvest ...

Our services encompass comprehensive lightning protection solutions tailored to mining areas. We take pride in our ability to design and customize solutions to precisely match our clients" ...

By seamlessly integrating leading brands hybrid inverters into the IP55-protected battery cabinet, a compact, easy-to-install, and high-performance turnkey energy storage system is achieved. This ...

Learn how to protect your mining infrastructure from lightning and enhance productivity & safety with SLS" lightning protection systems for mining operations.

Our solution includes advanced lithium-ion energy storage systems that work in harmony with both generator and renewable inputs. These storage cabinets capture and store excess energy, ensuring ...

MineARC Systems is the global leader in the manufacture and supply of emergency safe refuge solutions for the mining, tunnelling, chemical processing and disaster relief industries.
