

Modular battery cabinet for tunnels 100kWh

Highjoule's 100kWh Outdoor Cabinet Series integrates the battery, BMS, EMS, modular PCS, and fire protection system into a compact, weatherproof unit. Its modular design ensures flexible deployment ...

The BF100 is a DC-coupled battery cabinet for commercial and industrial energy storage. With the capacity of 71, 86, 100 kWh it can seamlessly work with Autarco hybrid inverters to achieve high ...

Delivers 100 kW rated AC power and 232 kWh battery capacity for industrial and commercial energy needs. Designed with IP55 protection, transformer isolation, and real-time monitoring for enhanced ...

Built with standard 5.12kWh battery modules, the system supports 4-14 modules in series for flexible voltage and capacity configuration. With up to 8 clusters in parallel, it delivers scalable energy ...

The HighJoule 100KWh Outdoor Cabinet Series offers a robust solution for commercial applications, featuring a 100KWh LFP or SSB battery with over 8000 cycles, ensuring long-term reliability and ...

The modular battery cabinet design allows flexible capacity expansion with convenient installation and maintenance. The cabinet integrates a dual cooling system with fans and air conditioning.

The MEG 100kW x 215kWh Cabinet is engineered as a modular energy storage building block, ideal for commercial facilities, microgrids, and community-scale projects.

As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various battery solutions for nearly all kinds of ESS applications.

Configured with a rack-mounted modular PCS, it supports parallel connection of multiple machines and has good scalability; the number of PCS modules and the total battery power can be selected ...

This industrial and commercial battery storage system is the ideal compact solution for your battery projects to work alongside solar PV, EV chargers and back up power requirements.
