

Globeleq says that commercial operations have started for what is said to be Mozambique's first combined utility-scale solar and energy storage plant, in the district of Cuamba.

How will Mozambique's new energy storage system work? The project is the first IPP in Mozambique to integrate a utility scale energy storage system and includes an upgrade to the existing Cuamba ...

African focused renewable energy independent power producer, Globeleq, and its project partners, Source Energia and Electricidade de Mo&#231;ambique (EDM) have announced the commencement of ...

Independent power producer Globeleq has brought a 19MWp, 2MW/7MWh energy storage plant in Mozambique into commercial operation.

Mozambican regulator Autoridade Reguladora de Energia (Arene) has issued a request for proposals (RfP) for independent power producers (IPPs) to develop and install solar PV and battery energy ...

Independent power producer (IPP) Globeleq has brought a 19MWp solar PV, 2MW/7MWh energy storage plant in Mozambique into commercial operation.

Globeleq, Source Energia and Electricidade de Mo& #231;ambique (EDM) have started construction on the first IPP in Mozambique to integrate utility-scale energy storage with a solar PV plant.

We continue to build our business in Mozambique through this project, our purchase of the Mocuba solar PV plant and our Temane gas-to-power project, currently in construction."

Discover how Mozambique is leveraging cutting-edge energy storage solutions to stabilize its grid and attract foreign investment. Explore market opportunities, technical innovations, and the role of ...

As we approach Q2 2025, Mozambique's draft National Storage Strategy aims to triple grid-connected storage capacity while establishing local battery assembly plants.
