

Equipped with cutting-edge Victron Energy inverters, solar chargers (MPPTs), and STORAGEDOCK "prime life" lithium iron phosphate batteries, these units ensure unmatched reliability and performance.

A robust 20kW off-grid solar system for farms, workshops, or large homes. Battery backup and high efficiency. Get a free quote today!

Unlock the Power of Inverter & Off-grid Solar Energy: Get a Free Quote and Expert Guidance Today. Whether you're looking to install an off-grid solar system or upgrade your existing inverter, our team ...

South African manufacturer of microgrid energy management cabinets, data center edge computing cabinets, off-grid energy cabinets, mining explosion-proof battery cabinets, and mobile ...

From hybrid systems that prioritise solar power and use the grid only as backup, to fully off-grid setups for total energy independence, our solar solutions are designed for long-term performance and ...

Get reliable, long-duration energy storage in areas where traditional grid access is limited. Combine your on-site power generation with a VRFB energy storage system.

Inverter and Charge Controller: Install a powerful 20kW inverter and charge controller to handle the maximum energy output. Battery Bank: Include a large battery bank with a total capacity of 100kWh ...

This system combines solar energy generation, advanced lithium battery storage, and a hybrid inverter to deliver consistent off-grid power to residential homes.

Discover our PV/20kwh Energy Storage/Inverter Cabinet for off-grid homes. Metal enclosure with batteries, inverter, and solar panels. Learn more today!

We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services..
