

Production of customized lithium battery packs

Using CAD, SolidWorks, and electrical design tools, we create custom battery architectures for IP67/IP68 water resistant, explosion-proof housings, and heat management. To save you time, we ...

Our methodology ensures every custom lithium-ion battery pack - from ultra-low-temperature 18650 configurations to high-voltage LiFePO4 arrays - delivers uncompromised ...

American-made lithium battery manufacturing with fully automated production. Custom battery packs for defense, medical, marine & industrial OEMs worldwide. Scalable solutions. Made in USA.

Your specialist custom lithium-ion battery pack manufacturer. We design and manufacture custom lithium battery packs for diverse industries.

Custom lithium battery pack manufacturer offering expert design, BMS integration & assembly for robotics and industrial use. Get your reliable power solution.

We design and manufacture custom lithium battery packs with high safety, reliable performance, and certification support. Get engineered, production-ready energy solutions.

If you are looking for a custom lithium battery pack tailored to your specific needs, RahaBattery, as a company specializing in custom battery manufacturing, offers design and production services for all ...

With 14 years of experience and over 3,500 successful custom battery deliveries, we design and manufacture lithium battery packs to meet diverse industry needs.

We specialize in custom lithium-ion battery packs, creating your own power solution, even down to the raw material ratio of the battery cells. We have 24 years of production R& D ...

We build the batteries powering the global shift toward electrification. Whether you're retrofitting existing equipment or launching something entirely new, we design and make lithium-ion systems that meet ...
