

The container is equipped with foldable high-efficiency solar panels, holding 168-336 panels that deliver 50-168 kWp of power. It is the perfect alternative to unstable grid power and ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...

We are excited to offer great deals on full containers of solar panels by leading manufacturers! If you are looking for a container of a specific solar panel and do not see it below, please call us at (760) 597 ...

Thanks to foldable solar arrays, the container is rapidly deployable -- operating within hours to support power needs across diverse scenarios. Built for longevity, the SolaraBox solar container is built to ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular design for easy ...

We've established 4 production bases across China, covering a total area of more than 200,000 square meters, with specialized facilities for solar container production and energy storage solutions.

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ...

Discover solar container solutions with 10-year warranty, IP65-rated LiFePO4 battery storage, and integrated solar panel systems for commercial use.

For wholesale inquiries, catalog requests, or additional information on all of our products please complete the form below. We value your trust and privacy so rest assured that your information will ...

Whether you need utility-scale solar projects, commercial solar installations, or mobile solar solutions, GETON CONTAINERS has the expertise to deliver optimal results with competitive pricing and ...
