

This product is developed for being used in buildings, shopping malls, communities and the end of power distribution networks and is compatible with wall-mounted and cabinet-type PCS. With ...

Designed for commercial, industrial, and microgrid applications, it integrates a 30kW PCS with a 60kWh LiFePO4 battery bank to provide safe, efficient, and reliable power storage.

Huijue Group's Home Energy Storage Solution integrates advanced lithium battery technology with solar systems. Ranging from 5kWh to 20kWh, it caters to households of varying sizes.

With its high-capacity battery pack, advanced inverter technology, and robust outdoor cabinet design, it provides a sustainable and dependable power supply for a wide range of ...

BlockArk Series High Voltage Cabinet Energy Storage System Easy to install and deploy with large space utilization With self-use, peak shifting, forced charging & discharging and other working modes ...

With a capacity of 60KWH and a power output of 30KW, it supports peak shaving, load shifting, and renewable energy integration. Its all-in-one design simplifies installation and operation, while ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

This 30kWh solar system consists of 36*550W solar panels, 1*12kWh hybrid inverter, 6*5.12kWh rack battery modules totaling a 30kW battery storage, and paired with necessary solar cables.

AlphaESS is able to provide outdoor battery cabinet solutions that are stable and flexible for the requirements of all our customer's battery and energy storage demands.
