

For the products, Each set solar power system has power on& off test 100 times per hour.Each step of production is under strict quality control. Our products are qualified with CE, ROHS, ISO, SGS ...

Home Solar Supplies INVT Solar Pump Inverters INVT Solar Pump Inverter 3PH, 380V, 160kW

[XRISE] Solar pump inverter is designed for solar pump systems, converting solar energy into electricity, driving the pump operation, and achieving efficient and energy-saving agricultural irrigation.

The three phase inverter with IP 20 protection, processes good performance ...

With its impressive 160KW power rating and 380V input voltage, the Solatek ...

The three phase inverter with IP 20 protection, processes good performance including overheating protection, overload protection, and overcurrent protection. Built-in interior PID controller is ...

The SI23 solar pump inverter has a simple and elegant appearance, and the book-type structure design saves installation space. Smart IOT brings smart irrigation.

The Veichi 160kW (225 HP) Solar Pump Inverter is engineered for reliable solar-driven pumping in agricultural, irrigation and remote-water applications.

The new INGECON SUN 160TL photovoltaic inverter provides up to 160 kW (if connected to a 690 Vac network) in a single 75kg/165lbs unit, reaching maximum efficiency values of up to 99.1% with ...

Xindun Power's 160KW off grid solar system is fully equipped, including high efficiency solar panels, PV combiner box, rack mounted lithium battery, solar controller, inverter, mounting brackets, MC4 ...

With its impressive 160KW power rating and 380V input voltage, the Solatek Solar Pump Inverter ensures consistent water pumping for agricultural, industrial, and irrigation purposes, even in ...

Discover 160kw solar inverters with pure sine wave output, MPPT efficiency up to 99%, and CE certification. Ideal for home and commercial solar systems.
