Sukhumi or Sokhumi is a city in a wide bay on the Black Sea's eastern coast. It is both the capital and largest city of Abkhazia, a partially recognized state that most countries consider a part of Georgia. The city has been controlled by Abkhazia since the Abkhazian war in 1992-93. The city, which has an airport, is a port, major rail junction and a holiday resort because of its beaches, sanatoriums, mineral-water spas and se...

Power Conversion System (PCS) serves as the "engine" of the energy transition, offering real/reactive power regulation, grid-connected/off-grid switching, and energy storage integration.
